

Popular Sumas Youth Killed At Crossing

NEILL McPHAIL VICTIM;
ACCIDENTAL COLLISION
IS VERDICT AT INQUEST

The holiday weekend was tragically marred in the M-S-A Area by railway crossing accident which claimed the life of a popular young man, the only son in a highly-regarded Sumas family. Victim of the accident which occurred Saturday afternoon, was Edward Neill McPhail, 20-year-old son of Sumas Municipal Clerk E. B. McPhail and Mrs. McPhail, 1379 Straiton road, Sumas. He was almost instantly killed when a motorcycle which he was riding and No. 5 Westbound train of the B.C.E.R. came into collision at Wharmouth Road crossing, Sumas, at 2:10 p.m. The funeral services, held Tuesday afternoon, were very largely attended in tribute to the popularity of the youth and in sympathy to the bereaved family.

INQUEST HELD

A coroner's jury under Dr. E. J. Eacrett of Mission met Sunday morning and again Tuesday forenoon, returning a verdict of death as a result of accidental collision but attaching two riders in the hope of preventing possible future accidents. These riders recommended that brush by the side of roads approaching railway crossings be removed and that trains be required to negotiate these crossings at no faster speed than 20 miles per hour. The members of the jury were Jos. Heath, Chas. Baynes, Dan Stein, E. A. Hunt, A. W. Webb and Milton Nelles. Evidence was given by Dr. H. E. Cannon, Const. J. Blezard, Wm. D. Hyde uncle of the deceased, the train crew—Conductor John G. Aldcroft, Motorman Albert E. Johnson and Baggageman Tyler; A. Atkinson, painter of Abbotsford.

Injuries, such as to cause immediate death, were a compound fracture of the skull and of the right leg. Dr. Cannon stated. Later examination, he said, revealed no further extensive injuries except abrasions.

100 FEET AWAY

Motorman Johnson testified first seeing the motorcyclist when train and cyclist were each about 100 feet from the crossing. Johnson applied his emergency brakes and kept on blowing the whistle. "He saw me, looked right at me, and I was watching him," Johnson declared. Speed of the train was placed at 40 to 45 M.P.H. Baggageman Tyler, in the cab at the time and more to the left than the motorman, said that the motorcycle went into a skid as if the brakes had been applied, a few feet from the crossing and as it went out of sight under the overhang of the cab the bike had skidded right around and was half off balance. Impact was at the back of the pilot and it was the rear end of the machine that was smashed.

The 108-foot train, witnesses said, was stopped 350 feet past the crossing. Conductor Aldcroft sent Tyler to Sumas Municipal Hall, only a short distance away, to summon police, doctor and ambulance when the body of the motorcyclist was found at the south side of the track about ten feet west of the crossing. The wrecked cycle had been carried 150 feet and hurled down the railway embankment. Witnesses, including Mr. Atkinson, supported statements regarding the whistles sounded by the train. Const. Blezard submitted details of measurements and said there was clear vision of the crossing for 500 to 600 feet and about two miles of track was in view. The

WON PRIZES AT VANCOUVER FAIR

There were comparatively few M-S-A exhibitors at the Vancouver Exhibition this year but those who did enter were quite successful. E. A. Gamble, D. S. Blacklock, R. C. Sibbald, Agnes Blacklock and H. H. E. Abbott did well in the sheep classes. Dan Hunt and son Hugh Hunt took eight awards in Clydesdales. Mrs. I. M. Keefer entered a prize-winning yearling Jersey bull. Heather Blacklock and Hugh Hunt were first and fourth respectively with market lambs of calendar year and Heather won first place with ewe one year or over. The Clydesdale Association Special for best foal shown by boy or girl was won by Hugh Hunt.

DANGERS TO B.C. OF AXIS MENACE IN THE PACIFIC

By telegraph from Victoria, The News is advised that Hon. Gordon Wismer, Provincial Attorney-General, will deliver an address over the B.C. network of the CBC this Thursday, Sept. 4, from 6 to 6:30 p.m. (presumably DST) on "Vital Civilian Protection Matters with special reference to the Dangers to which the People of British Columbia are exposed as a result of the present Axis menace in the Pacific."

THIRD OFFENCE

Joseph Laurie of no fixed abode was sentenced to three months imprisonment in Oakalla jail Tuesday morning by Magistrate G. F. Pratt for failing to register as an enemy alien. R.C.M. Police prosecuted. This was Laurie's third offence for violating his parole privileges. He was arrested in Abbotsford on Sunday night.

TRUCK RECOVERED

A 2-ton truck reported by the owner, Henry Fredrickson, Townline road, Matsqui, as stolen in Abbotsford about midnight Tuesday, August 19 was found Saturday by Edgar Boley abandoned near Kilgard. Ignition had been left on and the battery was run down.

16-FOOT HOLLYHOCK

A hollyhock grown by G. H. Rottluff is 16 feet tall and towers four feet above the eaves of his Ridgedale home. A snap shot in The News window shows Mr. Rottluff standing in the garden dwarfed by this plant and several other tall stems.

FLOW OF BREN GUNS INCREASES

A pretty girl worker in the Canadian Bren gun plant making final inspection of flare-guards. Many women are to-day holding down key jobs of highly technical nature in this modern machine gun plant, which is turning out an ever-increasing flow of weapons for the British Forces.

M-S-A Area Reverts to Standard Time With Little Inconvenience

Standard Time came back into recognized use in the M-S-A Area at midnight Sunday apparently to general satisfaction locally if not to transportation companies and visitors from the Coast cities. So widespread has been the switch back in the Fraser Valley and other centres in B.C. that reports from Victoria indicate the whole matter is up for review at the Capital and there may shortly be some official action one way or the other.

TWO EXCEPTIONS

There are only two businesses remaining on Daylight Saving Time as far as can be ascertained.

They are the Government Liquor Store, on direct instructions from Victoria, and the big plant of the

PROCLAMATION SETS MONDAY, OCT. 13th THANKSGIVING DAY

A proclamation in the Canada Gazette appoints Monday, 13th October, 1941, as Thanksgiving Day. In the quaint language of Royal edicts, the proclamation reads: "Whereas it hath pleased Almighty God in His Great goodness to vouchsafe this year unto Our Dominion of Canada a bountiful crop and other blessings. We therefore considering these blessings enjoyed by Our people throughout the said Dominion do call for a solemn and public acknowledgment have thought fit, by and with the advice of Our Privy Council for Canada, to appoint, and we do appoint Monday the thirteenth day of October next as a day of general thanksgiving to Almighty God for the plentiful crop other blessings which Canada has been favoured this year; And we do invite all Our loving subjects throughout Canada to observe the said day as a day of general thanksgiving."

TO MEET ILSLEY

A. S. Towell chairman of the M-S-A War Savings Committee, has been invited to meet Hon. J. L. Ilsley, Minister of Finance, at a War Savings convention in Vancouver this Thursday. Eighty chairmen of committees all over B.C. have been summoned to the meeting and will discuss plans for increasing War Savings this Fall with the Minister, B.C. Chairman Chris. Spencer, Provincial Administrator G. N. Stacey and other officials and workers.

ASSISTANT AGENT

Jack Grant, assistant to Agent M. M. Shore at the Abbotsford C.P.R. station, has been appointed acting Assistant Agent at Huntington this month. J. M. Jones, who held the border post for several months, was transferred to Penticton at the weekend.

Eighteen New Teachers for M-S-A Schools

HOME ECS. TEACHER IS QUARANTINED; VALLEY TRUSTEES MEET HERE

Despite a record number of resignations from the teaching staff, there was a teacher for every class of the 1800 pupils who marched into the fourteen schools of the M-S-A Educational Area on Tuesday morning fresh and eager after the long summer vacation. A further unexpected resignation occurred during the final week when Miss Emily C. MacColl left the service due to the serious illness of her mother. This brought the total to 18, more than one-third of the staff of 57 instructors. It also "wiped out" the whole staff of last term's staff of Matsqui Elementary school. Miss Dorothy Wright of Vancouver fills this vacancy and the previously unnamed teacher is Miss Aileen Dougan, also of Vancouver, appointed to Upper Sumas school. There will, however, be no Home Economics classes at Philip Sheffield High School in Abbotsford for two weeks as the new teacher, Miss Dorothy Cranston, who succeeds Miss Evelyn Latten, is from Winnipeg and is quarantined for a fortnight.

ADVISORY BOARD

At the regular meeting of the Advisory Board held at the Education Office on Friday evening, Director A. S. Towell reported that, as a result of the exceptionally large number of resignations and also of the increasing shortage of male teachers, plans for reorganization had involved much difficulty and had consumed much time. Mr. Towell felt, however, that the new teachers were a very capable group, efficient and well-qualified. He was sure that all prospects indicated a successful year in 1941-42.

LIGHTS AT ABERDEEN

Since the pole line had now been extended along the Trans-Canada Highway from Aldergrove to Aberdeen, bids had been called on wiring the Aberdeen School; and the work had been allotted to J. A. Weir, who was lowest bidder.

The Director pointed out that both the new Matsqui School and the wiring of the Aberdeen School had been unforeseen when estimates were prepared the previous year, and that there was no provision in the Area budget for their cost. As a consequence it was inevitable that there would be a deficit on the year's operations. In order to reduce that deficit to a minimum it had been decided to cut down on other summer work; and it had not been possible this summer to repaint any school buildings.

TRUSTEES MEET HERE

Mr. Towell then informed the Board that the Fraser Valley Branch of the B.C. School Trustees' Association had been invited to hold its regular quarterly meeting here.

(Continued on Page 8)

INFORMATION ON ACTIVE SERVICE RECRUITING NEEDS

"Men are wanted now for Active Service," declares Sergeant-Major Ganner, recruiting officer, who will be at the C.F.V. Fair in Abbotsford on Saturday in order to provide all necessary information. The Sgt.-Major words his appeal in this way:

"You are needed now for Active Service. This is Canada's call to you. Men are now wanted to man the guns, tanks, armoured units, all the implements of modern warfare which the factories are producing in mounting volume. It is a different war this time, when we licked the Hun before, men were recruited here to train in England to fight in France. Now you are recruited and trained here, then go overseas to join the stalwarts holding battle positions on the shores of Old England or wherever the call demands."

"The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades, to train you to efficiently handle Canada's weapons of war. Go to your nearest recruiting office, or see Sergeant-Major Ganner at the Abbotsford Fair on Saturday, Sept. 6, who will supply you with all information."

*It's a Neighborly Time
It's a Time to Relax*

It's Fair Time

When Nature and Her Children Discard the Carefree and the Casual and Don the Colorful Cloak of a New Season's Activity

Take the tip, put on the "glad rags" for a day and give the local Fair the once-over. Tom, Dick and Harry will be there too. It's a chance to compare notes with them on the harvest and on this and that as well. The Fair comes but once a year. The Mrs. looks forward to its neighborliness, the chance to pick up loose threads and stray recipes. The children thrill to the Fair also—there are the school exhibits, perhaps their own work is on display, then there is the garden contest and the Pet Parade, not to mention the mechanical rides! And don't forget, you want to see the horses, dairy cattle, poultry and the dogs in the Third Annual Dog Show. Or is it in the Women's Institute competition, the cakes, cookies and baking powder biscuits or the needlework? In any event you don't want to miss the—

7th Annual C.F.V. FAIR

in Abbotsford this Friday and Saturday, Sept. 5 and 6. Entries close this Thursday, Sept. 4, at 9 p.m. except for the stock which you may enter Friday.

We Have Ourselves to Blame

We may not like the way Ottawa has rationed gasoline but we have ourselves to blame for the need of the government's sudden action. We were asked, and Ottawa meant each and everyone of us, to reduce our consumption of gasoline by half. How many of us did it? Not many it appears because the reduction effected in consumption was only about 15 per cent. We live in a democracy where people elect their leaders but it seems we have not the will power to regulate ourselves by request, we have to be ordered—as if we wanted our government to dictate what we should do. We were advised to reduce our consumption of gasoline by half and we were taken into the confidence of the government frankly and openly—the gasoline was needed for our fighting forces both active and in training and the tankers in use to supply our comparatively inconsequential needs were required to transport the gasoline and fuel oil to the fighting forces. To meet the emergency created by our failure to respond as we should have, the Oil Controller imposed the most quickly effective means of rationing, he reduced our supplies. To do this did not require printing of hundreds of thousands of ration cards, their distribution, sealing, registering and the other complex details of rationing as known in Europe. We may very likely come to this as we have shown we are not able to discipline ourselves or at the least recognize comparative values—convenience for ourselves versus essential fuel for our fighting forces.

Until Nazi Tyranny has been Destroyed

Wednesday, September 10th, marks the beginning of the third year of Canada's participation in the war. In acknowledgment of that fact the Government has issued a Proclamation setting aside the period September 10th-17th as a week of re-consecration of the Canadian people to our cause and in national honour "for those who on land, sea and in the air are defenders of our country".

The following is the wording of the Proclamation:

"WHEREAS on the tenth day of September, one thousand nine hundred and thirty-nine, the Dominion of Canada declared a State of War with the German Reich; AND WHEREAS at the beginning of the third year of this war the leaders of democracy have re-affirmed their determination to continue the struggle until the evil of Nazi tyranny has been destroyed; NOW KNOW YE that We, by and with the advice of our Privy Council for Canada, have thought fit to ordain and declare and do by this Our Proclamation ordain and declare that the week commencing Wednesday the 10th of September and ending on Wednesday the Seventeenth of September, inclusively, in the present year, be observed throughout our Dominion of Canada in national honour for those who on land, sea and in the air are the defenders of our country, and in proud memory for those valiant hearts who have gone out from among us in the most precious of all sacrifices for our common freedom; AND KNOW YE FURTHER that We do also hereby ordain and declare this week as one of reconsecration of our lives and principles which under Divine Providence have been our stay and help in the past, to the end that torment may be lifted from men's hearts and peace and safety come for all nation and peoples; OF ALL WHICH Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly."

Cluck! Cluck! to Victory

As a local "angle" to the following editorial which recently appeared in the Calgary Herald, we would answer the question in paragraph four with the name of a Sumas candidate for the leadership—no less than Day-Rock No. X13351.

Says The Canadian Press in a dispatch from Ottawa: "Complete mobilization of Canada's more than 45,000,000 hens is the aim of an agriculture department campaign to increase egg production."

The government's principle of voluntary service abandoned? The usual, "Please come help our war effort" plea being tossed overboard and a stern demand taking its place? Real out-and-out (s-s-sh) conscription? And conscription without a federal election, or even a referendum?

Say it ain't so Mr. King!

Who is the leader of this great body of 45,000,000 Canadians? Surely she must have been consulted. What about the roosters who must be accessories before the fact in any complete mobilization for increased egg production? Are they to be regimented or is the government just going to let nature take its course?

Have the party lieutenants advised the prime minister of the territorial distribution of this 45,000,000? How they voted last election? Has Mr. King private information as to how they will react to such ignoring of his "No conscription!" pledges of the last election campaign?

Granted Mr. King has all the facts; that he has made up his mind and will hew to the line, letting the quips fall where they may; that he is determined to tell 45,000,000 females what they must do—granted all that, has he set up the proper department to implement his order.

The departments of labor and justice have the machinery—not over much used—to handle sit-down strikes. Have they the machinery to handle stand-up strikes?

But it is a great experiment. If it works; if conscription of Canada's hen-power is accepted (by the hens) as a necessary measure to ensure an all-out war effort without sabotaging Canadian unity, then from the barnyard will have come the inspiration to a victorious leadership.

"Cluck, cluck!" may yet be our war cry.

"At the crucial moment of this manoeuvre . . . he says 'Pass the sugar!'"

With intensified speed Canada goes full-out on the war.

CANADA'S WAR EFFORT

A weekly review of developments on the Home Front.

Prime Minister Mackenzie King attends meetings of the British War Cabinet in London and visits Canadian troops overseas.

Dominion Government grants cost of living bonus to all civil servants receiving less than \$2,100 a year or who, receiving over \$2,100, are manual workers, without supervisory duties, engaged in war work. Bonus 25 cents per week for each rise of one per cent in cost of living. Maximum bonus in first instance: \$11.91 based on 11 per cent wartime rise in cost of living.

Estimated that half a million industrial workers in Canada receiving wartime cost of living bonus.

E. J. Johnson, Montreal, appointed director general of Industrial Security Branch, Department of Munitions and Supply. He will "assist Canadian war industries in ensuring that maximum production is provided for their plants." Mr. Johnson is manager of the mechanical department, Canadian Industries Ltd.

Diversion of aluminum, nickel and zinc to essential industries through curtailment of non-essential consumption gaining satisfactory momentum. Estimated that non-essential use of aluminum, in strictly civilian lines, will drop sharply this year to an estimated two per cent of total domestic consumption. This compared with 27 per cent in 1940.

War-time Housing Ltd., awards contracts for construction of housing accommodation in North Vancouver and Prince Rupert, B.C., Brownsburg and de Salaberry Quebec, Amherst, N. S. and Frankford, Ontario. Substantial progress reported on projects now being constructed in Fort Erie, Welland, S. Catharines, Windsor, Fort William, Hamilton, Peterborough, Parry Sound, Nobel, Dundas, Halifax and Dartmouth.

Contracts awarded during period August 13 to August 19, 1941 (inclusive) by the Department of Munitions and Supply numbered 3230 and totalled \$22,861,394. Largest individual orders were for shipbuilding and aircraft.

Value of Canada's external trade in July eclipsed any previous monthly total on record, aggregating \$298,608,198 as compared with \$261,746,093 in June and \$190,959,408 in July last year.

Do You Remember?
Fifteen Years Ago
In the M.S.A. Area
From the A. S. & M. News of
September 3, 1926

The Abbotsford Ladies' Conservative association re-organized on Thursday and elected Mrs. J. Wilson, president; Mrs. J. Downie, vice-president; Mrs. M. M. Shore, secretary, Mrs. Hunt, treasurer.

At a Agricultural Society Directors meeting held in Matsqui, A. F. Hale urged farmers to plant sugar beets.

An office is being built for Roy Crist on Riverside Road.

Plans are being made to make the Sumas fourth annual round-up the biggest and best yet.

M. M. Shore relinquishes the Abbotsford theatre premises at the end of next week, completing almost five years' operation of a moving picture show in Abbotsford.

H. L. Atkins was appointed honorary president, and A. H. Harrop, president of the Abbotsford Football Club. W. A. Wattie was appointed manager and team coach.

The Fraser Valley Truck Line has extended its service to Matsqui, and D. Winton is attending to the business in that district.

"Did you ever meet with an accident?" inquired the insurance agent of the farm applicant.

"No," replied the farmer. Then as an afterthought, added, "A mule kicked in two of my ribs once, and a rattle-snake bit me on the leg a couple of years ago."

"Great Scott!" gasped the agent "don't you consider those accidents?"

"Naw," said the farmer, "they done it a-purpose."

WORLD WHEAT SITUATION

Despite the substantial reduction in this year's Canadian wheat crop, world supplies are expected to reach an all-time high of 5,700 million bushels. Production is larger at 4,200 million bushels as compared with 3,965 million in 1940-41 and the carryover is also heavier.

WEEK OF SEPT. 10-17 DEDICATED TO PRAYER

The beginning of the third year of the war will be marked in Canadian churches by a week of dedication and prayer, September 10 to 17. This period has been set aside by the Dominion Government "to honor our men in uniform and to rededicate ourselves to the service of our country."

MEMO

Fellow Citizens

For 44 years—since 1897—the B.C. Electric has been serving British Columbia to the best of its ability. We have invested scores of millions of dollars in developments and today we have one of the largest payrolls in this province. We realize that our welfare is dependent upon the welfare of the districts we serve and we will therefore do our utmost as a good citizen to promote the prosperity of Vancouver, Victoria and the other portions of our province that we serve.

News of the Farms

FURTHER INCREASE FARM FAMILY COSTS

Taking the figure 100 as the index of the average cost of living during the years 1935 to 1939, the 1941 spring index number of the Canadian farm family living costs showed a further increase of 1.8 per cent, making the figure 112.3, states the Dominion Bureau of Statistics in a semi-annual report. This was the highest level since 1930, and it compared with a depression low of 95.7 recorded in 1933. Regional indexes showed similar movements between the fall of 1940 and the spring of 1941, the eastern series gaining 2.1 per cent to 112.9, while the corresponding western index moved up 1.4 per cent to 111.4. Comparing the farm family living costs with the urban living costs from August 1939 to April 1941, the farm family costs advanced 13.2 per cent as against 7.7 per cent for urban living costs.

FARMERS FINED

Seventy farmers have been convicted of using purple gasoline illegally. In each case the penalty was a fine of \$5 and impounding of the car for 14 days.

CAN FACTORY STRIKE EFFECTS INDUSTRIES IN FRASER VALLEY

L. H. Eyres, M.L.A., Chilliwack, sent the following wire to Hon. Norman McLarty, Federal Minister of Labor, Ottawa, on Aug. 24 in connection with the strike of employees at the Vancouver plant of American Can Co. Ltd. "Canning industries in Chilliwack riding and whole Fraser Valley threatened with heavy loss of perishable commodities such as milk, fruit and vegetables due to can strike tie up which effects economic war effort of entire province, also resulting in enormous losses to industry, agriculture and labor. Would consider situation serious enough for government to invoke powers of War Measures Act." The workers returned to their jobs Aug. 26 after winning almost a complete victory over the management. Wage increases, bonuses, hour benefits and recognition of the union as sole bargaining agency were secured by the workers. The new contract ends in August next year, the peak season.

END OF A RAIDER

Here's one bird that found attacking a friend doesn't pay. While driving a delivery truck through Cedar Valley near Hillsbury, Arthur Robinson, Guelph, saw a huge chicken hawk hit the front of his vehicle. He stopped to free the bird and as he attempted to do so the hawk attacked him. He killed it. The wing spread measured 44 inches.

HORTICULTURAL News Letter

LOWER MAINLAND

The Fall Fairs are being held during the coming month in practically all sections of the Fraser Valley.

The weather continued warm until the end of the past week when it became unsettled with scattered local showers at night. Since Aug. 25 a fairly heavy rain has been general, with lower temperatures throughout the district, and there is a Fall "tang" in the air. Moisture was needed, but at this time delaying the harvesting and threshing of grain crops.

Picking of Bartlett pears is practically over and later varieties are maturing rapidly. Italian prunes are coloring rapidly and supplies of good quality fruit are available. Gravensteins, Wealthy and other Fall varieties of apples of good size and quality are on the market in considerable quantity. Late varieties such as King, Spy, Ontario and Vanderpool Red are sizing well and due to the warm weather and advanced season are maturing rapidly.

Grapes are beginning to show color and early varieties such as Portland, Fredonia and Campbells Early will be available about the middle of September. Bunches are inclined to be smaller than the average this season.

Vegetables are plentiful with practically no demand except on the local markets.

The harvesting of over 600 acres of tobacco in the Sumas area is progressing rapidly with all kilns operating to capacity.

Gather eggs at least twice daily. Even more frequently is better.

New Regulation Governs Sale of Two Flax Seeds

MUST BE LABELLED TO INDICATE FIBRE OR OIL FLAX SEED

A new regulation under the Seeds Act requires that all flax seed sold in Canada must be labelled to indicate whether it is fibre flax or oil flax seed. Last spring several cases of this kind were brought to the attention of the Department. Buyers were warned to beware of fibre flax seed offered for sale that did not carry evidence that it had been approved by the Dominion Department of Agriculture. Despite the warning applications recently received from growers for crop inspections have disclosed that the selling of unauthorized fibre flax seed last spring was widespread.

The purpose of this regulation, which is now in effect, is to give assurance to buyers that they are getting the kind of seed they want—fibre flax or oil flax.

Owing to the higher prevailing price for seed of the fibre variety, there has been a growing tendency to represent oil flax seed as fibre flax seed. Last spring several cases of this kind were brought to the attention of the Department. Buyers were warned to beware of fibre flax seed offered for sale that did not carry evidence that it had been approved by the Dominion Department of Agriculture. Despite the warning applications recently received from growers for crop inspections have disclosed that the selling of unauthorized fibre flax seed last spring was widespread.

The new regulation provides also that the only seed that may be sold as fibre flax, must have been produced from crops approved by the Plant Products Division, Dominion Department of Agriculture, and when sold, labelled "Fibre Flax". All other flax seed must be labelled "Oil Flax", under the terms of the regulation.

This measure is considered particularly necessary at this time when special efforts are being made to promote the production of high quality fibre flax in Canada, which is urgently needed for war purposes.

The text of the regulation reads as follows:

a) "Under the labelling provisions of clause (b) of section 5 of the said Act, the name or kind of Flax seed shall mean and be expressed only as either 'Oil Flax' or 'Fibre Flax' as the case may be, and the name 'Fibre Flax' shall be confined to seed produced solely from any flax crop approved as fibre flax by the Plant Products Division of the Dominion Department of Agriculture."

CHEESE, BUTTER OUTPUT

Factory cheese produced in Canada from January to July, 1941, increased 24 per cent compared with the output in the corresponding seven months in 1940, the figures being 74,881,325 lb. in 1941 against 73,147,458 in 1940. Butter also showed an increase, 166,000,240 lb. having been produced in the first seven months of 1941 compared with 153,907,942 lb. in 1940, an increase of 7.9 per cent.

1941 TOBACCO AREA IN CANADA 65,700 ACRES

Area planted to tobacco in Canada this year was estimated today by the Dominion Bureau of Statistics at 65,700 acres, 3 per cent lower than the 67,900 acres planted in 1940. British Columbia acreage increased to 630 acres from 450. B.C. tobacco production is all in Sumas municipality.

PRIVATE CARS MAY CARRY PASSENGERS TO CONSERVE GAS

The driver of a private automobile is permitted to furnish transportation for others over a period of time in return for transportation furnished to him by the others at another period, under an order issued by the Public Utilities Commission pursuant to the Motor Carrier Act. The commission also consents to advertising designed to facilitate the making of these arrangements, providing the advertising indicates clearly that the arrangements to be made are of the kind authorized.

This order has been issued in consideration of the effort to curtail the use of gasoline in the national interest.

Provides plenty of clean, fresh, fresh water for hens at all times.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

BURN MORTGAGE

Four hundred persons attended a banquet in the Canadian Legion Auditorium in Mission on Monday night which celebrated the burning of the mortgage on the building. Guest speaker was George Cruickshank, M.P., and President Eddie Keyes reviewed the history of the branch since formation in 1917. He said Branch No. 57 had contributed over \$10,000 to purely welfare work alone. The banquet was prepared by the ladies of the Auxiliary.

Mrs. Ervin Fleugal and baby son of Anchorage, Alaska, were visitors at the home of Mr. and Mrs. Ben Gladwin.

Fred and Bob Gledhill were visitors to Vancouver Exhibition on Wednesday.

mains on Daylight Saving Time the mails come in an hour earlier on Valley Time and, as some people overlooked the first day or two this week, also go out an hour earlier. Postmasters get a tough break as they have to start on Daylight Saving to get the morning mails away but in most cases it appears close on Standard Time. Pacific Stages are still on Fast Time but B.C. Telephone Exchanges are operating according to Local Time in each district. Schools and school busses are on Local Time. The C.P.R. and C.N.R. never left Standard Time although the Abbotsford C.P.R. depot operated Daylight Saving for local convenience, however, it is now on Valley Time.

up residence where LAC B. C. Busby is at present stationed. Ordinary Seaman Harry Walker, who is training in Esquimalt, spent the weekend at home.

M.S.A. BRANCH Red Cross Headquarters NOTES

(Contributed)

DONATIONS

We would like to make grateful acknowledgement of a quilt cover from the Order of Eastern Star, and a doll, complete with wardrobe, from grade 7 of Mt. Lehman Superior School. Also the sum of \$6.11 from Dr. Sarvis of Sumas, Wn., being prize received by the U.S. float in the Elks-Legion July 1st parade in Abbotsford.

EXECUTIVE MEETING

Will members of the Executive please take note that a meeting is called for Tuesday afternoon, Sept. 9, in the Health Office. Several important matters will be up for discussion.

C.F.V. FAIR

All those making entries in the home cooking, fruit and vegetables, etc. classes at the local Fair and who are willing to donate these articles to the Red Cross for sale following the closing of the Fair, please notify convenors of the different classes. Tags have been prepared to be placed on them to avoid confusion. The articles now being raffled will be on display, and the drawing will take place about 4 p.m. Saturday. There will also be a fine display of articles made at the local workrooms. Don't miss this.

TAG DAY

Permission has been granted by the Village Commissioners for the local Auxiliary to hold tag days all day Friday and Saturday evening of this week. Present indications are that there will be no separate drive for funds for the Red Cross this Fall, and funds must be kept up by all these different activities.

SCALES

We would be very glad if there is anyone willing to loan a platform scales for use in the local Salvage Depot.

VALLEY TIME

(Continued from Front Page)

Clayburn Brick Company Ltd., Kilgord, for the convenience of the New Westminster and Vancouver customers whose truck fleets operate on Summer Time. B.C. Police are also on instructions to operate on Daylight Saving Time but as their service extends around the clock, with the exception of office duties, this is causing little inconvenience.

Service stations and garages, the former curtailed to a 12-hour day for the purposes of gasoline conservation, are on Standard Time along with their local customers. Huntingdon, a provincially-governed townsite, is in a "spot". Border facilities, however, never changed as the service is principally for Americans these days and they are on Standard Time.

TESTED RECIPES

PICKLES

Recipes for pickles are numerous and most of them make excellent products. There are many chopped relishes and sauces which are comparatively easy to prepare but pickles where the vegetables are left whole or in large pieces require more care and patience.

To make good crisp pickles the proportions are important but there are other details worth watching. The best way to be sure of good pickles is to find out what has caused failures—your own and your neighbors'—and learn to avoid them.

Pickles may be hollow, wrinkled, too soft, too hard, or too tough. They may be of poor colour, either cloudy or dull instead of bright, clear green or white. And any of these faults may completely spoil the pickle.

Hollowness in pickles is caused by allowing too long a time to elapse between picking and pickling. Wrinkled pickles are common. In pickling the natural juice is drawn out and replaced by a pickle mixture. This change should be made gradually. Too strong brine or too sweet syrup will make wrinkled gherkins. A strong brine for two days will not have the same results as a weaker brine for nine days.

Strong vinegar, weak brine, or over-heating will cause pickles to be soft or flabby. Pickles should be merely heated through—never really cooked.

Ripe cucumbers, pearl onions, or cauliflower often lose colour on account of inferior vinegar. Good

1541 Articles for "V" Bundles

During the past six months 1541 articles of clothing have been cleaned, pressed and mended and sent Overseas by "V Bundles for British Columbia," an organization which until now, has been known as "Bundles for Britain." The committee in charge is grateful to those who have donated money, clothing and work. Total donations for six months ending Aug. 31 are: Credit at Stordy's (Miss Miles) \$1. United Church Ladies Aid \$2. Huntingdon W.I. \$7.85. Mrs. Lee (Vancouver) \$3. small donations cleaning \$3.30. donated articles sold in the window, \$6.70. Canadian Legion \$10. and Abbotsford Lodge, A.F. & A.M. No. 70, \$5; making a total of \$41.67, including \$2.82 on hand. Disbursements were made up of: elastic, thread, etc. Stordy's \$1. cleaning and pressing, \$31; coat lining, \$6.50, making a blanket (June), \$3; a money order for 17c. After this statement was made a further donation of \$12.80 was received from the Canadian Legion. As "Bundles for Britain" is an American organization, it has been necessary to change the name to enable the Canadian organization to obtain a charter.

JACKMAN - BRACKLEY

Rev. A. Shaw was the officiating clergyman at the marriage on Wednesday, August 27, at 11 a.m., in Mission United Church, of Florence, daughter of Mr. and Mrs. J. Brackley of Stave Falls, to Mr. Howard Jackman, son of Mrs. C. Morrison of Aberdeen, and the late Phillip Jackman. The bride was gown in white silk net over satin and her floor-length veil was held in place by a wreath of orange blossoms. Mrs. J. Pope, sister of the groom, as Matron of Honor was gown in dusky rose pink taffeta. Mr. Pope was best man. After the ceremony a reception was held at the home of Mrs. Morrison, Ross Road. For the wedding trip the bride donned a flowered silk dress and grey coat. Prior to the couple leaving on their honeymoon, pictures of the wedding group were taken on the lawn. On their return Mr. and Mrs. Howard Jackman will reside at Stave Falls.

Today's Fashions

One of the delights of Autumn is the opportunity to wear a fur-trimmed suit, one of the prettiest and most feminine of all fashions, especially when velvet is combined with fur. This suit is of velvet in a dark gray with brown Persian lamb for the small collar, hat and large muff. The jacket has a loose underarm and has a bloused look. A double seam outlines the loose shoulder. The skirt is slim with a slight flare towards the front. A gray satin blouse completes the outfit.

Mrs. Fraser Attends Golden Wedding of Sister in Alberta

Mrs. Hannah Fraser has returned from Eckville, Alberta, where she attended the Golden Wedding anniversary of her sister and brother-in-law, Mr. and Mrs. Hugh McNeil. On the evening of Aug. 4, thirty relatives sat down to a banquet. With them was Rev. John Fraser who had buried Mrs. Fraser's mother and sister 35 years ago. The spacious dining room was decorated with gold and white streamers and with a three-tier wedding cake, the gift of Mrs. McNeil's daughters. On the afternoon of Aug. 5 many friends and relatives enjoyed a social tea hour. Mrs. McNeil was assisted in receiving her guests by her daughter, Mrs. J. M. McDonald. The younger daughter, Mrs. C. Fletcher, presided at the urns and Mrs. Hannah Fraser cut the cakes. Mr. and Mrs. McNeil have six sons and two daughters and all were present at the anniversary except two sons, Leonard at Hammond, B.C., and Everett in Victoria. Besides Mrs. Fraser who attended from Abbotsford, relatives came from Montana, California, Washington and Alberta points. All wished the couple many more years of happiness and hoped that they would be able to attend the Diamond anniversary.

B.C. GOVERNOR

Appointment of W. C. Woodward, president of Woodward Stores Ltd., Vancouver, as lieutenant-governor of British Columbia in succession to Hon. Eric W. Hamber, was announced at Ottawa on Friday.

HERE'S A RYE BREAD

YOU'LL Really LIKE

McGAVIN'S Swedish Style RYE BREAD

Rye breads may look a lot alike but the "rye" enthusiast knows the difference between a loaf that's "right" and one that isn't.

You'll really like McGavin's Swedish Style Rye Bread because it has the close-grained texture and flavor of the true product. It's a special favorite with those who like rye bread with cheese and certainly with those who like a variety of breads served with every meal.

Plain or toasted, McGavin's Swedish Style Rye Bread is wholesome and enjoyable. If you've been using white breads exclusively, try this delicious Rye Bread for change and variety. It's fresh daily at your grocer's.

ADD VARIETY WITH McGAVIN'S BREADS

Nothing enlivens a meal like variety. Bread . . . wholesome and cheap . . . is nutritious enough to satisfy all appetites . . . and a variety of bread is interesting enough to create them. Let the many delicious types of McGavin's white, brown and fruit breads give a "lift" to your meals. Start now to serve a variety of McGavin's bread.

POTATO LOAF
WHITE & BROWN SLICED
DR. TILDEN'S WHOLE WHEAT
TONIK WHITE VITAMIN B₁
GENETIK BROWN VITAMIN B₁

There are many delicious McGavin's Cakes, too!

grade cider vinegar is of clear, pale amber colour and excellent flavour. A white cider vinegar is now obtainable if preferred.

Water containing too much mineral, particularly iron, will darken pickles. If ½ cup vinegar is added to 1 gallon of brine made with very hard water, the difficulty will be overcome.

One-half cup medium coarse salt to 1 quart water is the standard brine. Boiling water is used to dissolve the salt but brine must be always cooled before adding vegetables.

White sediment sometimes forms in pickled beets from the combination of hard water, vinegar, and salt. If very hard water is boiled thoroughly and allowed to cool before using for pickle mixture there should be no sediment.

Care—even to fussiness—is necessary in making crisp, tender, clear, pickles, but the result is worth the effort.

In making certain sauces and relishes none of these difficulties arise but to have perfect results any recipe should be followed exactly.

The following recipes are suggested by the Consumer Section, Marketing Service, Dominion Department of Agriculture.

Horseradish Pickles

4 cups shredded cabbage
2 cups chopped celery
½ cup chopped onion
2 cups chopped cucumber
2 cups cider vinegar
2 cups sugar
2 tablespoons grated horseradish
2 teaspoons mixed pickle spice
Mix all vegetables. Add 1 cup salt. Let stand over night. Drain. Add horseradish. Boil vinegar, sugar, and pickle spice 5 minutes. Strain. Add vegetable mixture. Cook slowly 15 minutes. Pour into sterilized containers. Seal while hot.

Mustard Pickle

1 quart small onions
1 quart chopped onions
1 quart gherkins
1 quart large cucumbers chopped
1 cauliflower broken small pieces
1 quart chopped celery
2 cups vinegar
3 cups brown sugar
¼ cup flour
¼ cup mustard
½ oz. tumeric
½ oz. celery seed
½ oz. mustard seed
3 cups sugar
½ teaspoon white pepper
Mix vegetables with 1 cup salt and 3 cups boiling water. Let stand over night. Drain well. Add vinegar, pepper, celery seed, and mustard seed. Cook 10 minutes. Make a paste of flour, turmeric, mustard and sugar with cold water. Stir very slowly into vegetable mixture. Cook 5 minutes. Seal in sterilized bottles.

Sweet Cucumber Relish

3 large cucumbers
3 medium onions
1 cup cider vinegar
½ cup brown sugar
½ cup salt
½ teaspoon cinnamon
½ teaspoon mustard
½ cup chopped preserved ginger
Put cucumbers and onions through a food chopper. Mix with salt. Cover and let stand over night. Drain well. Add other ingredients. Cook 10 minutes. Bottle while hot.

NEW TEACHERS

(Continued from Front Page)

ing this time at the Philip Sheffield High School at Abbotsford this Friday afternoon, Sept. 5. The main business would be the discussion of resolutions for presentation to the Annual Convention of the parent body, which was to be held at Nanaimo, Sept. 22-24.

There were no resolutions to be presented as from the M-S-A Area. It was decided not to appoint delegates to the Nanaimo Convention, it being felt that the representation of the Area could well be left to the Director.

GRANT TO C.F.V. FAIR

Some discussion was caused by request for financial aid to Central Fraser Valley Fall Fair. Considerable doubt was expressed as to whether school funds could properly be expended for that purpose; but, recognizing that Fall Fairs nowadays were carrying on under increasing difficulties, the Board decided that a small grant should this time be made, on the understanding that it was not to be considered a precedent.

A petition from residents living along the Old Clayburn Road, asking that the school bus be sent around that route, was laid on the table pending a report from the Provincial Police as to whether bus operation on that road would be permitted.

OLD SCHOOL SITE

Mr. Towell reported having received complaints that the old Ridgedale School site had become a nuisance and was a breeding place for weeds. It was left to him to investigate and to report what steps might be taken.

Clean nesting material for hens helps prevent dirty eggs.
 Keep eggs cool and keep them clean.

Destroyers to Be Built in Canada

A BRITISH DESTROYER OF THE TRIBAL CLASS

British shipbuilding experts will soon be in Canada to assist in the big program of constructing destroyers in Canadian yards, Angus L. MacDonald, Canada's navy minister, announced in London. The destroyers, which will be built for the Canadian navy as part of the big expansion program, will be of the Tribal class. They displace 1,870 tons and carry eight 4.7-inch guns and four 21-inch torpedo tubes. The pre-war cost averaged \$2,000,000 in British shipyards. The first of the new destroyers will be built on Canada's eastern coast.

FATAL ACCIDENT

(Continued from Front Page)

motorcycle had been registered by Neill McPhail on July 30 and driver's license and minor's permit issued that date in Vancouver.

Mr. Hyde said that Neill had carried a message for his mother to Mrs. Win Fadden, south of the tracks and, was returning with one to his aunt, Mrs. Hyde, regarding canning the women proposed to do. He was then planning on visiting Abbotsford. He had been working near West Vancouver and had only returned home on Friday. He had no bad habits, had been born and brought up within half a mile of the scene of the accident, had been a newspaper carrier there and attended the nearby Upper Sumas school.

JURY'S VERDICT

Verdict returned by the jury after lengthy consideration was that: "Edward Neill McPhail came to his death as a result of an accidental collision between a motorcycle which he was riding and a B.C. Electric Railway train proceeding from Chilliwack towards New Westminster at approximately 2:15 p.m. DST on Aug. 30, 1941 at a point described as the Whatcom Road crossing of the B.C. Electric Railway approximately six miles east of Abbotsford in the District of Sumas. We wish to add as a rider that all brush liable to prove an obstruction to the view of the railway from any road should be removed. Also that all trains be required to negotiate these crossings at no faster speed than 20 miles per hour. Death was practically instantaneous."

LONG CORTEGE

More than 200 persons attended the funeral services held from Henderson Funeral Home, Abbotsford, on Tuesday afternoon, and nearly 60 cars formed the cortege to Musselwhite Cemetery in Sumas where interment took place. There were also a large number of beautiful floral tributes. Pallbearers were Hugh McGillivray, Bruce Fadden, Glen Fadden, Lorne Carmichael, Walter Ross, Melvin Stewart.

Neill is survived by his parents and by five sisters, Mrs. Sidney Reid and Miss Frances McPhail of Vancouver, Mrs. P. Leenders of Lynden, Mrs. John Borne of Sumas Prairie, and Miss Beryl McPhail at home.

DELAY HARVEST

Heavy rains continue to delay harvesting of several large crops including the hops, tobacco, beans and the balance of the grain. At first the rains were said to be having a beneficial effect

PRINCESS MARGARET ROSE

Princess Margaret Rose celebrated her 11th birthday quietly in the country with the King and Queen and her sister, Princess Elizabeth.
